

## Supporting composites industry growth in the East of England

### 14 September 2016, Alconbury Weald

#### About

Composites UK, the trade association for those working in the fibre reinforced polymer supply chain, is holding the latest in its series of regional events in the East of England on 14th September 2016.

Working with Huntingdonshire District Council and Alconbury Enterprise Campus this event will present a range of business support presentations, highlighting the help that's available to drive your business forward. Local composites companies will also showcase case studies of recent, innovative projects.

#### Why attend?

Network with companies from your region, form collaboration and gain knowledge on the support that's available to help you.

#### Who should attend?

Those attending previous regional events include those in the roles of Managing Director, CEO, Business Development personnel, Sales, Engineering and Technical Managers.

#### Confirmed presenters

Confirmed presenters include Composites UK, UKTI, Huntingdonshire District Council, Alconbury Enterprise Campus, Signpost 2 Grow, and UK Export Finance with case studies from EcoTechnilin, Cambridge Performance Composites, TRB Lightweight Structures with more to be announced...

#### Tour of the Alconbury Enterprise Campus

Alconbury Weald is steeped in aviation history and developers Urban&Civic will take you on an optional tour of the development. Lasting approximately 30 minutes you will have the opportunity to see hangars, Magic Mound (a nuclear bunker), the new primary school and the first phase of the residential area, plus the chance to "take off" down the runway.

#### Registration

Registration is open and free-of-charge to all.

Go to [www.compositesuk.co.uk/eoeevent](http://www.compositesuk.co.uk/eoeevent) to sign up.
