

We have submitted a number of planning applications in relation to Alconbury Weald which range from the Outline Application across the whole site to applications for specific works and buildings.

You can review the documents submitted, or the consents issued via the planning portal of [Huntingdonshire District Council](#). You can also use the planning portal to make comments on planning applications.

The main applications are:

	<b>Description</b>	<b>Status</b>	<b>Links</b>
The Outline Planning Application – Ref: 1201158OUT	Following extensive local consultation we have submitted an outline planning application across the entire site for up to 290,000 sqm of employment space, 5,000 houses together with open space and community uses. Our Guide to the Outline Planning Application describes the structure of the planning application, explains the different documents that have been submitted and identifies what will happen next.	Pending	<a href="#">HDC Planning Portal Application Guide</a>
The Incubator Building Application – Ref. No: 1201363FUL	An Application for the first new building of the Enterprise Campus which was submitted in August was approved by Huntingdonshire District Council on Friday 29 September. The building has been designed to meet the need, from amongst the local area, for entrepreneurial business space within a highly sustainable and flexible incubator unit. For more details see our preliminary brochure.	Consent Issued	<a href="#">HDC Planning Portal Incubator Preliminary Brochure</a>
Enval Application – Ref. No: H/05012/12/CW	ENVAL – a research and development spin-out company from the Department of Chemical Engineering at the University of Cambridge – has been granted planning permission by Cambridgeshire County Council to turn an existing building with Alconbury Enterprise Campus into a research and development facility. The facility will develop and commercialise their hi tec innovative process to recover valuable resources such as aluminium from laminated packaging such as toothpaste tubes.	Consent Issued	<a href="#">Cambridgeshire County Council Planning Portal Enval Website</a>
Enabling Works Application – Ref. No: 1102094FUL	Following Enterprise Zone designation we applied for a scheme of early works to open up the Enterprise Campus. This Enabling Works Consent was granted by Huntingdonshire District Council in February 2012. The implementation of these works is underway. As the detailed implementation moves forward we have submitted a number of amendments to this consent which can be accessed via the Huntingdonshire District Council Planning Portal.
